Hook's Heroes

Hook's Heroes™ Game Rules

- Hook's Heroes™ is a 5-reel, 3-row video slot featuring Wild substitutions, Free Spins with 3 different features available and a Feature Spin mode which enables a random feature for 1 spin.
- The game is played with 20 bet lines (fixed), 1-10 bet levels and different coin values.
- The bet level is set using the **LEVEL** selector.
- The coin value is set using the **COIN VALUE** selector.
- **COINS** displays the number of coins available to wager.
- When playing at the highest bet level, **MAX BET** plays the game at the maximum bet lines and the current coin value. When playing at any lower bet level, **MAX BET** must be clicked twice to play the round at the selected level.
- **AUTOPLAY** automatically plays the game for the selected number of rounds.
- Winning combinations and payouts are made according to the **PAYTABLE**.
- Bet level is the number of coins bet per bet line.
- A bet line win in coins is equal to the value shown in the **PAYTABLE** multiplied by the bet level. This amount is also multiplied by any applicable multipliers.
- A bet line win in currency is equal to the win in coins multiplied by the coin value.
- Only the highest win per bet line is paid.
- Bet line wins pay if in succession from the leftmost reel to the rightmost reel.
- Wild symbol substitution pays the highest possible winning combination on a bet line according to the **PAYTABLE**.
- Wild symbols substitute for all symbols except Scatter symbols.
- Simultaneous wins on different bet lines are added.
- All coin wins pay on bet lines only, except for wins during the Pirate Feature in Feature Spin or Free Spin

mode.

- Free Spins are played at the same bet level and coin value as the round that activated Free Spins.

Features for Free Spins and Feature Spins

- There are 3 different types of spin features that can be activated during Free Spins or a single Feature Spin.
- The 3 feature names are: Fairy Feature, Mermaid Feature and the Pirate Feature.
- In the Fairy Feature, each spin will have between 2 and 5 overlay Wilds placed on the reels in random positions. When only 2 Wilds are awarded, 1 of the Wilds must be placed on either reel 1, 2 or 3.
- In the Mermaid Feature, all wins are multiplied by 2 unless the win combination contains 1 or more Wilds when the wins are instead multiplied by 4.
- In the Pirate Feature, wins are calculated on the number of visible symbols on the reels instead of on winning bet lines; meaning that the symbols do not need to appear on consecutive reels. For example, in the Pirate Feature, if there are 4 of the same symbol visible anywhere on the reels this pays the same as if there are 4 of the same symbol on a winning bet line in the main game. There are no Wilds on the reels during the Pirate Feature.

Feature Spins and Free Spins

- 2 Scatter symbols appearing anywhere on the reels awards 1 free Feature Spin with a randomly chosen feature.
- 3 Scatter symbols appearing anywhere on the reels awards Free Spins. The player can choose which of the 3 features they want in play during Free Spins.
- Each feature activates a different number of Free Spins. The Fairy Feature activates 7 Free Spins, the Mermaid Feature activates 10 Free Spins and the Pirate Feature activates 15 Free Spins.
- 4 or 5 Scatter symbols appearing anywhere on the reels in the main game award 2 or 3 Free Spins picks respectively. A player can make the same choice 2 or 3 times in a row if 4 or more Scatters appear on the reels.
- If 2 or 3 Free Spins rounds are won, after the first and, if 3 are won, second rounds are completed, the player returns to the Free Spin feature selection screen to choose their Free Spin feature for the upcoming round of Free Spins.
- Feature Spin wins are added to any initial bet line wins.
- Free Spin wins are added to any initial bet line wins.
- Additional Free Spins cannot be won during Free Spins.
- Additional Feature Spins cannot be won during Feature Spins.

Game Functions

- The table below lists the different buttons found in the game and describes their functions.

Button	Function
Image not readable or empty /images/uploads/game-default/spin_button.png	Click to start a game round at the current bet level and coin value (alternatively, press the spacebar).
