

Sizzling Hot Deluxe

Game description

Five paylines across five reels in the regular game will provide you with the perfect chance to win money. The aim of each player is to achieve a line of 5 like symbols across 5 reels without any other symbols between them. The win pattern will appear on the screen on the left and will follow the payline across to the right.

Start game

When the game starts you must select an amount of credits which will be displayed on the screen. You can use the +/- buttons to adjust your stake in-game. The "Paytable" button lists the win possibilities and the symbols. The game begins when you press "Start" button. Click the "Autoplay" button to spin automatically. Another click on this button will deactivate the function

Paytable

Use the 'Paytable' button to go to the winnings overview. You can automatically see here the potential prizes based on the size of your bet.

Gamble

The "Gamble" button will appear when you have a win combination of at least two adjacent symbols from the left or a scatter winning combination. It gives you a chance to double your winnings; however, if you do not want to play "Gamble Game" you are free to carry on with the main game. If you decide to play the "Gamble

Games”, above the game screen you will be able to see the cards you drew in the last six “Gamble Games”.
