Game Rules

General Rules

- All two hundred-and forty-three possible winning ways are permanently enabled in the regular slot game.
- All one thousand and twenty-three pay ways are permanently enabled in the Free Spins bonus game.
- A bet multiplier of 30 applies per spin.
- You can bet up to 10 coins per payline.
- Multifunctions void all plays and pays.

Wild Symbol Rules

- The **T2** symbol is a wild symbol.
- Does not substitute for the scatter symbol.
- Does not substitute for the **T-1000** symbol in Free Spins bonus game.
- Creates its own winning combination then multiple symbols appear on a pay way.
- Multiple winning combinations are paid out per pay way. If there is more than one winning combination for different symbols on a pay way you are paid for each combination. If there is more than one winning combination for the same symbol on a pay way, you are paid out the value of the highest combination only.

Scatter Symbol Rules

- The **Orb** symbol is a scatter symbol.
- Completes a winning scatter combination when two or more appear on the reels.
- Cannot be substituted by the wild symbol.
- Scatter wins are calculated by multiplying the scatter symbol combination payout by the total number of regular coins bet.
- Scatter wins are added to regular wins. If you have a scatter win and a regular win, you are paid out for both wins, as the scatter symbol does not need to appear on an enabled payline to win.
- Three or more **Orb** symbols scattered on the reels, activate the Free Spins bonus game.
- During **T-800 Vision**, only one **Orb** symbol is needed to activate the Free Spins bonus game.

T-800 Vision Bonus Feature Rules

- The **T-800Vision** bonus feature is randomly activated after any non winning spin.
- Any **Terminator, John Connor, T-1000, Sarah Connor** or **T-800** symbols appearing on the reels are targeted.
- All targeted symbols pay a bonus win amount.
- The win amounts displayed in the bonus game are already multiplied by your total bet amount. Only the bonus win amount is displayed.
- During **T-800 Vision**, only one **Orb** symbol is needed to activate the Free Spins bonus game.

Free Spins Bonus Game Rules

- Three or more **Orb** symbols scattered on the reels, activate the Free Spins bonus game.
- During **T-800 Vision**, only one **Orb** symbol is needed to activate the Free Spins bonus game.
- You are awarded ten free spins.
- Hot Mode may be randomly activated on trigger. In Hot Mode wins are more frequent.
- If the **T-100** symbol appears on the reels, it transforms to complete the highest possible pay than spin.
- The bonus game cannot be re-activated during the free spins.
- All the bets and pay ways played in the free spins are the same as the spin that activated the bonus game.

- Winnings are automatically collected at the end of the bonus game.
- Scatter and bonus wins are added to regular wins.

Betting and Payout Rules

- Winnings are paid out on the highest combination on each enabled payline only, except for the scatter wins.
- Winning scatter combinations can appear in any position on the reels.
- Scatter and bonus wins are added to regular wins.
- Regular winning combinations pay out from left-to-right, so at least one of the symbols must be displayed on the first slot reel. A symbol combination starting from the second, third, fourth or fifth slot reel does not pay out.
- All payout tables display the number of coins that are won, for each combination. The total number of coins paid out depends on the number of coins you play per payline.
- Regular wins are calculated by taking the number of coins won, multiplied by the number of coins played per payline.
- Scatter wins are calculated by multiplying the scatter symbol combination payout by the total number of regular coins bet.
- If winning symbol combinations are displayed on multiple pay ways, you are paid out for each combination.
- All payout figures show the number of coins that are won for each combination. The total number of coins paid out depends on the number of coins you play.
- Regular wins are calculated by taking the number of coins won, multiplied by the number of coins bet. For each spin, the bet amount you choose is automatically multiplied by the bet multiplier.
- Winning scatter combinations can appear in any position on the reels.
- The number of credits won is dependent on the total number of coins won multiplied by the coin size you select.
- The formula to calculate the conversion of your coins to credits is: number of coins x coin size played = amount in credits.
- Malfunctions void all plays and pays.
