

Wizard of Odds

Overview

This feisty wizard will give you an entire cauldron full of chances to win! A magical adventure full of fantastic bonus games awaits you in Wizard of Odds! Whether it's through the wizard's hat, the magic cauldron or the book of magic spells, winnings appear as if by magic!

Your aim is to land 5 identical symbols along a win line. Winning combinations start on the first reel to the left of the machine and run along an active win line to the last reel on the right in the regular game. To win, the symbols must lie next to each other without any other symbols between them. The Crystal Ball symbol replaces all other symbols apart from the 3 bonus symbols.

Getting Started

Select the amount of credit you would like to take with you to the game upon entering Wizard of Odds. You must then select your bet per line and number of active win lines that you would like to play with by using the respective '+ / -' symbols. You can spin the reels once by clicking on the 'Start' button. Click the 'Autostart' button to trigger automatic spins and click the 'Stop' button to stop automatic spins.

Click on the 'Paytable' button to go to the winnings overview. Here you can view the potential winnings for each winning combination based on your current bet amount.

Gamble

It's double or nothing: The 'Gamble' button will appear as soon as you have a winning combination (see Paytable). You have the possibility to double your winnings with the Gamble-Game. The odds of winning are 50:50. If you would like to gamble, simply click on the 'Gamble' button to start the 'Gamble' game. If you do not want to gamble, just click on the 'Collect' button.

Cauldron Bonus

Land 3x "Cauldron" symbols on reels 1, 3 and 5 to trigger the Cauldron Bonus. Here you will brew a magical potion full of winnings together with the wizard. Select a bottle, empty the contents into the cauldron and let your winnings bubble over! You can continue selecting bottles until the wizard has finished chanting his spell. You will then win the total sum awarded.

Wizard's Hat Bonus

The Wizard's Hat Bonus feature will start once you land 3 wizard's hat anywhere on reels 2, 4 and 5. Select a hat and be awarded with a random number of free spins. Then select a second hat and receive a multiplier for your free spins.

Book of Magic Spells Bonus

If the book of magic spells appears on the middle reels, it will trigger the Book of Magic Spells Bonus. As the book opens, your bonus win amount will start climbing. The count will stop randomly. You can win up to 22x your total bet.
